Rotary Club of Ann Arbor

How GTO Proceeds are Used in the Community and Around the World

The Rotary Club of Ann Arbor provides the funding and resources necessary to support a broad range of humanitarian efforts close to home and farther afield.

A central goal is to support young people, particularly those whose future development is impaired by physical, cultural, emotional, financial and social obstacles. Called **"Helping Kids Succeed,"** the program actively solicits applications and awards grants to local-area non-profit organizations.

The Golf and Tennis Outing (GTO) event has enabled the Club to fund numerous successful efforts for at-risk children, and families in need throughout Washtenaw County. Examples of such efforts are the Universal Access Playground located in Gallup Park, a literacy\ health initiative—the "Washtenaw Success by 6", a Great Start Collaborative to have every child be prepared for school, and "Service Above Self" scholarships for students who attended Ann Arbor high schools and are enrolled at Washtenaw Community College.

The Club also works to identify, develop and carryout humanitarian projects with other Rotary Clubs as partners in developing countries. Recent projects include building a Mother and Children clinic in Bangladesh, helping indigenous poor women with basic financial literacy and micro loans to improve the living conditions in rural Guatemala, donating equipment for a hospital neonatal care unit for the poor in India, funding a community development project to improve the living conditions and educational opportunities for children in Sierra Leone.

The GTO event provides a substantial percentage of the Club's Community Service revenue, on par with support from the membership and distribution from the Club's foundation.
