PEOPLE OF ACTION

PEOPLE OF ACTION

Our club offers opportunities for our members and those interested in making a difference to get involved. Through meetings, social events, and volunteer projects, our members learn about the issues facing our community and communities all over the world, and we partner with local, national, and global experts to exchange ideas about potential solutions and to formulate actions to respond. Along with these opportunities to serve, members are also able to regularly network, resulting in lifelong friendships and business connections.

Our club is a proud part of this community and of Rotary International. Rotary is a global network of more than 1.2 million members who believe that great things happen when dedicated minds come together. We are community and business leaders representing different professions, experiences, and perspectives but with a shared desire to connect with others to address the challenges affecting our community and communities around the world.

MAKING A DIFFERENCE

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, and make our community and the world a more peaceful place.

SERVICE ABOVE SELF CONNECT FOR GOOD

We take pride in the fact that our support of local and international partnerships and projects include many opportunities for hands-on experiences!
