

ROTARACT REQUEST

Our Rotaractors will be doing their international service trip to Honduras for the second year in a row. They are excited to return and reconnect with the wonderful people of all ages they met last year. They will be building an indoor and outdoor space for a classroom and constructing a playground for the local children.

The Honduras Child Alliance has the following information on their website regarding items they need, and our students are hoping to bring many of these things with them. They are hoping Rotarians can help fill some suitcases! Please bring any items you wish to donate to the next two meetings...February 20th and 27th. Thanks!

HONDURAS CHILD ALLIANCE
